

Department of Primary Industries

19 November 2018

Mr Craig Sowden
General Manager, Life Sciences
Sydney Zoo Pty Ltd
PO Box 40
DOONSIDE NSW 2767

Dear Mr Sowden

I refer to Sydney Zoo Pty Ltd's previous instruments of decision to construct the facilities/enclosures as detailed in attachment A.

The previous instruments of decision required Sydney Zoo Pty Ltd to have their facilities/enclosures completed by specified dates. The Department is aware that construction has been delayed and therefore completion by the specified dates will not be met. As this is a large development with significant infrastructure the Department will grant Sydney Zoo Pty Ltd with an extension to complete construction by 31 December 2019.

Should you have any questions or queries, please do not hesitate to contact David Haslett on 0438 092 644.

Yours sincerely

A handwritten signature in black ink, appearing to read 'M Mackie'.

Mark Mackie
Regulatory Operations Manager
Biosecurity and Food Safety Compliance
