

Heroes for Habitat

Create a wildlife-friendly garden by keeping your cat indoors.

On average one pet cat kills over 100 native animals each year. When you keep your cat indoors you not only protect wildlife but ensure your cat is safe from road accidents, fighting and disease. A pet cat kept safe at home can live up to four times longer than a cat left to roam outside.

Create a fun toy for your cat inside!

- Stuff small socks into a larger one
- Tie the end with string
- Add a little bell inside for extra interest
