## Choose wildlife-friendly souvenirs

You can help combat the illegal wildlife trade with the purchases you make.

- ✓ Buy wildlife-friendly art, fabrics and paper products on your travels to support local communities.
- × Avoid souvenirs made from animals e.g rhino horn trinkets, tortoiseshell, animal skins, ivory carvings, teeth and claw jewellery.

**Scientists tracking rhino horn have found that one of the main reasons people still buy it is so they can display it as an expensive souvenir to show off their wealth.**
