

Friends of the forest

Orangutans need the forest to survive, the forest also needs the orangutans. Find out what is threatening both.

 Draw/write about how YOU can help orangutans

People of the Forest

NAME: _____

Learn about orangutans and ways you can make sure they survive in their rainforest homes.

What are the three species of orangutan?

1. Pongo pi _____ (from Borneo)
2. Pongo ab _____ (from Sumatra)
3. Pongo ta _____ (newly discovered in Sumatra)

Close Relatives

Draw your left handprint below over the orangutan handprint below, are our prints similar?

How do people use the forest in Sumatra?

We share 97% of our DNA with orangutans

Survival in the wild

In the box below, list or draw what the orangutans need to survive, for example, what do they eat? Where do they sleep?

Orangutans eat a diet of mostly fruit in the wild
